

Horohoro School Panui - Week 1 Term 3 2019

Monday 22nd July 2019.

Kia ora te whānau.

I hope you all had a well deserved holiday with your tamariki. It went rather quickly, but I am sure that this term will fly by just as fast too. This week the tamariki will be coming home with our revamped behaviour plan which we will be implementing into the school. Please ensure you read this panui, sign it alongside your child and get it back to your child's teacher by the end of this week. If you have any questions please contact your child's classroom teacher and they will be happy to clarify any questions you may have.

Basketball draw for this week.

Wednesday - Horohoro Middles vs St Mary's Lynx; Court 3 at 5pm

Friday - Horohoro Kearoa vs Sunset Strikers; Court 2 at 6.30pm

Ngā kaiako.

Ngā kōrero mai ngā ākomanga - News from the classrooms:

Haparangi

Kia ora whānau,

Nau mai hoki mai ki te kura Haparangi. I hope you had a wonderful holiday with your whānau and friends. This morning everyone looked super excited to be back and school and so are we. This term our kaupapa is all about the weird and wonderful world of science. We received our first House of Science kit today and it is all about fireworks.

Whaea Briar will be exploring this wonderful kit with Haparangi today.

There is an important panui attached in regards to our behaviour plan which we will be implementing this term. Please read it, sign it and send it back to school by Friday. If I have not received your child's form I will contact you on Friday.

Have a wonderful week.

Koka Piri, Whaea Briar raua Ko Whaea Sue. (Piri 0212921233

Kearoa

Kia ora whānau,

I hope you all had a lovely time with your tamariki and got to make some cool memories. Kearoa has an exciting term lined up with lots of hands on learning experiences. We will be learning how to be entrepreneurs and develop and market a product. This all came about via our last kaitiaki unit. The tamariki want to reduce the amount of plastic being pumped into Papatuanuku and to also share some of the knowledge they have with others so they too will reduce, reuse and recycle. So watch this space! I am so impressed with the drive and thoughtfulness they have come up with around caring for our planet. I will be sending home some more detailed information about our learning and how you can support our akonga.

Kia pai to koutou wiki,

Rachell

Pokaitu

Kia ora tatau,

Tena koutou te whanau.

Ka tika me mihi atu ki nga mate, no reira e te Whaea e takoto ki Rongomaipapa moe mai ra.

Koutou te hunga ora, tenei au ka mihi. Nau mai hoki mai ki te wahanga tuatoru o te tau.

I would like to thank all our parents who showed up last Friday at the Horohopu day. We were so lucky to be able to meet the New Zealand Maori All Black players and have them interact with your tamariki. Your children enjoyed their company and had fun playing against them in Horohopu. Big thank you to the New Zealand Fire Service who turned up to support the kaupapa and my past Pokaitu students. I can tell you they all had an awesome day. This term Pokaitu are gearing up to showcase positive role modelling and Tuakanatanga, being kind and caring for others. We will prepare for the Jack Te Nahu speech competition this term and I'm sure your tamariki will produce an amazing korero. For maths we will look at learning more about fractions and times tables. Pokaitu will pick up from where we left off last term in reading and focus on information that's not directly stated in their text. (inferencing.) Finally, our topic will relate to the 2019 Rugby World Cup, where students will select and learn about a Country in the RWC.

Ngakuru School

2nd September

Year 7 & 8 Technology at
Mokoia

Congratulations to the
New Zealand Silver Ferns
for their impressive win
this morning.

Yes I was one of those
hardcore fans who woke
up at 3am to support the
girls and Noelene.
